

EVENT - INVESTING IN INFRASTRUCTURE TO SHAPE SUSTAINABLE GROWTH IN AFRICA

TUESDAY 30 AUGUST 2016, 14:00-15.30, ROOM FH 202

www.worldwaterweek.org

World Water Week in Stockholm 2016

28 AUGUST TO 02 SEPTEMBER 2016 ■ SWEDEN ■ STOCKHOLM

IWA
the international
water association

Shaping our water future

Addressing nexus challenges is limited without suitable multi-purpose infrastructure (natural and built) and adequate assessment of intersector and environmental impacts. As regional and national authorities and their development partners influence investment pathways for development projects, this event explores integrating the nexus into investment plans and balancing trade-offs and co-benefits. The event will convene practitioners across the water, food and energy sectors, governments, river basin organisations, regulators, industry leaders as well as financial institutions.
